Oh...

In my messy room I'm looking for something
Like a habit I can't quit, yeah
My line of vision narrows my breathing grows heavier
I leaned against the cold wall

I tried to ignore it but not too long after
I pressed your number like a habit
I'm shouting out loud though it won't reach you
You gotta know

Oh I love you can you hear my heart, my heart
Even if you call me crazy

Oh I need you listen to my heart
It has to be you
You u ooh you u ooh
You u ooh you u ooh

In front of your house, in between the lights
I heard a strange voice
(Baby you break my heart)

You can try to hide it but you can't
Though I knew, I knocked on your door
After a few minutes that felt like a year have passed
You gotta know

Oh I love you can you hear my heart, my heart
Even if you call me crazy
Oh I need you listen to my heart
It has to be you

(You u ooh) I don't know anyone else (you u ooh)
But you (you u ooh) I'm the same as before
(You u ooh) but how come you... (you u ooh)

Like a story with its ending already decided
(Rain is falling)
Like a lie that cuts deep inside
We break down red
We break down red

Oh I love you can you hear my heart, my heart
Even if you call me crazy
No one else can love you like I do
It has to be you

(You u ooh) like last night's dream (you u ooh)
The familiar images (you u ooh) everything's the same
(You u ooh) but how come you... (you u ooh)
You u ooh
