

Hours, Minutes and Sex

John Parr

She whets my appetite
She, with that dress so tight
She got that attitude
She knows what I like to do

Bump and grindin'
Any way she wants it
Do the wild thing
Time to get down,
Start the countdown
Force the clock 'round

Give me twenty-four hours
Lovin' every minute and sex
I got the power
I can go the distance, no sweat
Give me twenty-four hours
Lovin' every minute and sex

Shes got legs
Seven stories high
Stretch with no panty line
Hips like an hourglass
I'm hooked on a heart-shaped ass

Lady Madonna
Time to get down
Start the countdown
Force the clock 'round

Give me twenty-four hours
Lovin' every minute and sex
I got the power
I can go the distance, no sweat
Give me twenty-four hours
Lovin' every minute and sex

Every second, every minute
Take it to the limit, no rest
Give me twenty-four hours
Lovin' every minute and sex
Bump and grindin'
Make the bed sing
Do the wild thing

Give me twenty-four hours
Lovin' every minute and sex
I got the power
I can go the distance, no sweat

Every second, every minute
Take it to the limit, no rest
Give me twenty-four hours
Lovin' every minute and sex

Give me twenty-four hours
