

Hit That Jive, Jack!

John Pizzarelli

Hit that jive, Jack
Put it in your pocket till I get back
Going downtown to see your man
And ain't got time to shake your hand

Hit that jive, Jack
Put it in your pocket till I get back
Time and time waits for no man
And ain't got time to shake your hand

Standing on a corner
All full of jive
But you know that you avoid it
So I'm forced to give you five
Dadde yadda
