

## Lemon Twist

John Pizzarelli

Here is a word to the wise  
The top dietitians in town insist  
The best source of vitamin C there can be  
Is a lemon twist

Even a skeptic replies  
That here's a suggestion you can't resist  
A cool drink with ice is improved  
With some slices of lemon twist

It isn't merely circumstantial evidence  
That the lemon is a highly healthful citrus fruit  
The most respected scientists agree with the physiologists  
That here's one fact you can't dispute

Why don't you open your eyes  
Your psychosomatic ills won't persist  
If quick like a rabbit  
You latch to the habit of lemon twist
