

## Look At Us

John Pizzarelli

Look at us  
Two crazies  
In a world so sane  
So one and other  
And it felt as right as rain  
Look at us  
Two long-lost-lonelies  
Never did fit in  
Looked at each other  
And said Where have you been?  
I was out there  
Searching what seemed like forever  
You were somewhere  
Floating a drift and alone  
Two perfect people  
Who felt all wrong  
We found each other  
And the finding made us strong  
It took so long  
We came so far  
But now who cares?  
'Cause here we are

Look at us  
Two die-hard-dreamers  
Finally made it thru  
Proved to the whole world  
That dreams still come true  
Yes they do  
Look at me  
Look at you
