

Lost April

John Pizzarelli

Lost April
Where did you go?
Like winter's snow
I saw you vanish

Lost April
So soft and warm
A memory
Not even time can banish

Lost April
That taught me this
A single kiss
Could lead to Heaven

But April had numbered days
So when they passed
Love couldn't last
I lost love and you and April, too

Lost April
That taught me this
A single kiss
Could lead to Heaven

But April had numbered days
So when they passed
Love couldn't last
I lost love and you and April, too
