

Earth to God

John Rich

Earth to God... come in, God...

I know you're there hearing our prayers wherever you are
We need you now, to send your love down
Take away the pain in your holy name
We ask this now

We need your light, we need your love
To heal the world you made
And save us now in our darkest hour
With your amazing grace
Earth to God

We're holding on, but not for long
Can you pull us all close to the holy ghost
And keep us strong

We need your light, we need your love
To heal the world you made
And save us now in our darkest hour
With your amazing grace
Earth to God...

Earth to God... come in, God...

We need your light, we need your love
To heal the world you made
And save us now in our darkest hour
With your amazing grace
Earth to God... come in, God...
Earth to God... come in, God...
