

My Son

John Rich

My son my son my love for you
Is wide and deep and tough and true
And unconditional for you my son
My son my son my life was changed
The second that I saw your face
I knew I'd never be the same my son

And I pray you hold the good Lord tight
And walk with Jesus all your life
Remember son He's just a prayer away

This world can turn as dark as night
And try to steal you to its side
But always walk back to the light my son

And I pray you hold the good Lord tight
And walk with Jesus all your life
Remember son He's just a prayer away

My son remember as you grow
Into a man and let me go
I'll remain your cornerstone my son
And I'll always be right there for you my son
And I'll always be your father son...
My son
My son
