

You Had Me from Hell No

John Rich

But you erupt
But you erupt
But you erupt

[Lil John:]

"YEEEEEEAH! This ya boy Lil John. Gettin' it crunk with my homeboy, John Rich. Rick Rocks!"

Aww yeah

A shot of Jack, double-
stack, was my plan of attack; but you sent it right back
I walked by all fly and I gave you the eye, but you rolled yours back
You ain't budgin' but I ain't give up yet
The colder your shoulder, the hotter I get

'Cause you had me; baby you had me from "Hell No"
You know it makes me wanna go-go
When you ain't turned on by my gun show
But you erupt like a volcano
You rub a drive in my libido
Girl, you ain't got to say no more
Cause you had me from "Hell Hell Hell No"

It's so hot, when you walk and you talk that talk
And you're blowin' me off
I get amused when you use and you abuse, all this pride I've got, darlin'
Sit me down, baby take your best shot
You know I take everything you've got

'Cause you had me; baby you had me from "Hell No"
You know it makes me wanna go-go
When you ain't turned on by my gun show
But you erupt like a volcano
You rub a drive in my libido
Girl, you ain't got to say "no" no more
Cause you had me from "Hell Hell Hell No", Oh

Well you had me; cowgirl you had me from "Hell No"
You know it makes me wanna rodeo
When you ain't turned on by my g-u-n show
But you erupt like a volcano
You rub a drive in my libido
Girl, you ain't got to say "no" no more
'Cause you had me from "Hell Hell Hell",
yeah you had me from "Hell Hell Hell",
yeah you had me from "Hell Hell Hell No"
