

Good To Go

John Splithoff

I don't know what the day-to-day is
Not sure what the takeaway is
But I keep on running so I can move it on down the line
Feeling locked down in an institution
Can't fix with a one solution
Cause these peaks and valleys got me hanging on for the climb

I think I'm thinkin' too much
I want my life to be lush
I'm always in a rush to say it's not enough
7:30 AM
And the wheels are turning
No sleep again cause I'm wondering

Whether I'm out or I'm in
If I lose or I win
Now I'm good to go
I'm good to go
Whether I'm out or I'm in
If I lose or I win
I'm good to go

Everyone's fly by night
Holding out for big dreams
And no opinion comes without a price tag
When you're always aiming to please
Well, I'ma do what I like
Let what I do set the scene
I won't put in more than I get back
Cause I'm only counting on me

I think I'm thinkin' too much
I want my life to be lush
I'm always in a rush to say it's not enough

Whether I'm out or I'm in
If I lose or I win
Now I'm good to go
I'm good to go
Whether I'm out or I'm in
If I lose or I win
I'm good to go

You got to get yourself
Why don't you get yourself
Come on and get yourself
Ready to go, good to go

Whether I'm out or I'm in
If I lose or I win
Now I'm good to go
I'm good to go
Whether I'm out or I'm in
If I lose or I win
I'm good to go
