

## Good To See You

John Splithoff

It's so good to see you  
Tell me what it's like to be you  
I forgot how much I need you  
In my life, in my life

I'm so glad that I'm with you  
But if we wait another year that's an issue  
Cause you don't know how much I've missed you  
Oh yeah yeah, it's good to see you

Ooh, my routine is getting old  
Just living through the cold  
Been too long since we last got together  
I keep looking at a screen  
Missing your company  
Need a smile that could warm up December

I could not believe my eyes  
When you walked in my door  
We reminisce the merry times  
And cheers to many more

It's so good to see you  
Tell me what it's like to be you  
I forgot how much I need you  
In my life, in my life

I'm so glad that I'm with you  
But if we wait another year that's an issue  
Cause you don't know how much I've missed you  
Oh yeah yeah, it's good to see you

It's so good to see you  
If I could I'd never leave you  
I don't care about what we do  
Oh tonight, oh tonight

I'm so glad that I'm with you  
That when we say goodbye I'll need a tissue  
Cause you don't know how much I've missed you  
Oh my my, it's good to see you

It's so good to see you...
