

# Make It Happen

John Splithoff

I could sit around, tell you all about  
How I wanna live my life  
And try to make it happen  
And try to make it happen

But right now, I'd rather tell you everything I'm gonna do  
To make you feel satisfied  
'Cause I can make it happen  
Yeah, I can make it happen (oh yeah)

You're the one I want, I'm the one you need  
After the sun goes down  
If you're lookin' for a reason to believe  
Let me tell you here and now

Whatever we do, whatever we see  
I just wanna live with a passion  
It's gonna be you, it's gonna be me  
It's gonna be everything we imagined  
We don't need youth to feel this free  
We just need real good company  
Don't need to think, don't need to plan it  
I know what I want, and I can make it happen  
I know what I want

I can make you feel brand new when I'm touchin' you  
I'll take you out the countryside  
And we can leave Manhattan (ooh, ooh)  
I say we make it happen (mmm yeah)

And when we rendezvous, I'ma put you in the mood  
To wanna feel satisfied  
'Cause I can make it happen (oh)

Because, you're the one I want, I'm the one you need  
After the sun goes down  
If you're lookin' for a reason to believe  
Let me tell you here and now

Whatever we do, whatever we see  
I just wanna live with a passion (yeah-eah)  
It's gonna be you, it's gonna be me  
It's gonna be everything we imagined  
We don't need youth to feel this free  
We just need real good company  
Don't need to think, don't need to plan it  
I know what I want, and I can make it happen  
I know what I want

I know what I want, and you know what you want  
I know what I want, and you know what you want  
I know what you want, and you know what I want  
You're the one I want, and I'm the one you want

Whatever we do, whatever we see  
I just wanna live with a passion  
It's gonna be you, it's gonna be me

It's gonna be everything we imagined  
We don't need youth to feel this free  
We just need that real good company  
Don't need to think, don't need to plan it  
I know what I want, and I'm gonna make it happen (yeah)  
I know what I want, and I can make it happen  
I know what I want, and I can make it happen
