

# Show Me

John Splithoff

Believe me, it ain't easy for me to tell you how much I still need your love  
I'm sinking and a'thinking are you living the life we were dreaming of

'Cause now you're someone else's problem  
But I wish that you were mine  
And I'm one more sip away from calling  
Maybe we can solve it

I know I didn't make it wrong  
But I didn't make it right  
I can make it better by holding you tonight  
And I don't need to use my words to show you I'm f'real  
So if you want me, show me how you feel  
Show me how you feel  
Show me how you feel  
Don't tell me, show me how you feel

Boy, I'd be a liar if I told you I didn't want you anymore  
It's four in the morning and I try not to cry when you show up at my door

'Cause you still got all of your problems  
And you know I've got mine  
But, baby, I think we can solve 'em  
Just touch me, darling

I know I didn't make it wrong  
But I didn't make it right  
I can make it better by holding you tonight  
And I don't need to use my words to show you I'm f'real  
So if you want me, show me how you feel  
Show me how you feel  
Show me how you feel  
Don't tell me, show me how you feel

Show me how you feel  
I want you to show me  
Show me how you feel  
I want you to show me  
Show me how you feel  
I want you to show me  
Show me how you feel

I know I didn't make it wrong  
But I didn't make it right  
I can make it better by holding you tonight  
And I don't need to use my words to show you I'm f'real  
So if you want me, show me how you feel, baby  
Show me how you feel, show me  
Show me how you feel  
Show me how you feel

Show me how you feel, baby  
I want you to show me  
Show me how you feel  
I want you to show me  
Show me how you feel  
I want you to show me

Show me how you feel, show me  
Show me how you feel
