

Sing To You

John Splithoff

I breathe you in without fail
And then I think twice before I exhale
But you're not mine to keep
You tell me you want to be free
Yeah you wanna keep it nice
You want to keep it low-key

Oh, but don't bring me down
Oh, just try to understand me
Won't you come a little closer and let me whisper to you
And I'll say

You don't have to worry 'bout a single thing
Just let me sing to you, oh, yeah
No you don't have to worry 'bout a single thing
Just let me sing to you, oh

Now I know you're the type who'd throw my hopes away (throw my hopes away)
You'd like to shake me up, to break me up night and day
And you can do what you like
I'm not trying to be your one and only
I'm just trying to make you feel good
So good (so good)
So good (so good)
So good (so good)

Oh, but don't bring me down
Oh, just try to understand me
Won't you come a little closer and let me whisper to you
And I'll say

You don't have to worry 'bout a single thing
Just let me sing to you, oh, yeah
No you don't have to worry 'bout a single thing
Just let me sing to you, oh
