Stepping Stone

John Splithoff

You're so quick to shut the door and wrap your legs around me
You don't want nobody else to know, nobody
Oh, the things that you do to me when we're all alone
You say what you need to say with your body

Then you're so quick to brush it off and say I'm just a friend
But when we're alone you're beggin' me to stay
Oh, I don't want to play your game, we both know how that ends
Why not tell me what you really wanna say?

Oh, you feel me, conceal me
You hide your love 'til we're all alone
So don't walk on my heart like it's some kind of stepping stone

And you say that "You wanna go back to friends"
How can we be what we've never been?
I don't want to fight the way I feel for you
And I know that I've got a lot to learn
But this love don't have to wait it's turn
So don't say you love me if isn't true

So don't say you love me if isn't true

Oh, you lock me out but you pull me right back in
'Cause the music makes you feel some type of way
Don't sell affection if you don't know how to show it
I think I know what you really want to say

Oh, you feel me, conceal me
You hide your love 'til we're all alone
So don't walk on my heart like it's some kind of stepping stone

And you say that "You wanna go back to friends"
How can we be what we've never been?
I don't want to fight the way I feel for you
And I know that I've got a lot to learn
But this love don't have to wait it's turn
So don't say you love me if isn't true

I don't want to fight the way I feel for you
I don't want to fight the way I feel for you
I don't want to fight the way I feel

I just wanna love you now
I just wanna love you now
I just wanna love you now (oh, darlin')
I just wanna love you now
I just wanna love you now (baby)
I just wanna love you now
