

# WGYG

John Splithoff

What you keeping inside?  
What you dreaming of?  
I want all the more reason to keep you up  
Come on give me some insight  
Let's dive into your love  
Cause I need to feel you running all through my blood

I wanna make you move  
Keep it loose  
Bathing in the moonlight  
Wake up to the sunrise  
View, next to you  
I'm living for that look in your eyes

Whatever gets you goin'  
Give into the moment  
And let me bring you to life  
Wanna keep your river flowing  
I'll float with you darling  
I feel another wave on the rise  
Whatever gets you goin' goin' goin'  
I wanna keep it goin' goin' goin'  
Whatever gets you goin' goin'  
Oh I feel another wave on the rise

Oh baby your touch makes a better man  
You've got the only body language I understand  
I think I need you too much, all part of your plan  
You know the way you got me feeling's no accident

But if we just move  
Keep it loose  
Bathing in the moonlight  
Wake up to the sunrise  
View, next to you  
I'm living for that look in your eyes

Whatever gets you goin'  
Give into the moment  
And let me bring you to life  
Wanna keep your river flowing  
I'll float with you darling  
I feel another wave on the rise  
Whatever gets you goin' goin' goin'  
I wanna keep it goin' goin' goin'  
Whatever gets you goin' goin'  
Oh I feel another wave on the rise

Now you got me goin' goin' goin'  
Goin' goin' goin'  
You got me goin' goin' goin'  
Goin' goin' goin'  
You really got me goin' goin' goin'  
Goin' goin' goin'  
You really got me goin' goin' goin'  
Goin' goin' goin'

Goin' goin' goin'  
Goin' goin' goin'  
Goin' goin' goin'  
Oh I feel another wave on the rise

Goin' goin' goin'
