John Sykes

It's a blood bath
Not a suicide
So much anger
So much pain inside
She didn't like it
She found new love
Drove him crazy

Half past midnight
Blood lust sacrifice
But who's gonna pay the price

He tries to evade them
The useless alibi
There ain't no mistaken
He's the one with the evil eye

Two hearts broken
Left in misery
Everyone was shaken
Is it him, no it couldn't be

Half past midnight
Blood lust sacrifice
Lock down
Out of time

You know he's got to be out there somewhere
Doesn't it make him look guilty
You know he's got to be out there somewhere
Doesn't he know if he runs that it makes him look guilty

So much pain inside
