When I See You Smile

John Waite

Sometimes I wonder If I'd ever make it through Through this world without having in you I just wouldn't have a clue Cause sometimes it seems Like this world's closing in on me And there's no way of breaking free And then I see you reach for me Sometimes I want to give up want to give in I want to quit the fight And then I see you baby And everything's alright Everything's alright When I see you smile I can face the world Oh you know I can do anything When I see you smile I see a ray of light Oh I see it shining right through the rain When I see you smile Baby when I see you smile at me Oh yeah Baby there's nothing in this world that could ever do What the touch of your hand can do It's like nothing that I ever knew Hev And when the rain is falling I don't feel it Cause you're here with me now I want to ask you baby It's all I'll ever need All I'll ever need When I see you smile I can face the world Oh you know I can do anything When I see you smile I see a ray of light Oh I see it shining right through the rain When I see you smile baby Baby when I see you smile at me Sometimes I want to give up I want to give in I want to quit the fight Then one look at you baby And everything's alright Hey everything's alright It's alright When I see you smile I can face the world Oh you know I can do anything When I see you smile I see a ray of light Oh I see it shining

right through the rain Yeah When I see you smile Yeah I can face the world Oh you know I can do anything now When I see you smile Oh yeah Baby when I see you smile Smile at me
