

Pariah

John West

Have you seen my face before?
Do ya know my name?
Cast out like a shoe that's worn, and I accept the blame

plant your whip upon my back

Call me pariah
I won't deny ya

It's so cold on the outside, unwanted stray I'm lookin' in
Got no use for nobody, I ain't been livin' in sin

Crack that whip across my back
Never slip, feels good like that

Hey! call me pariah
Oh! I won't deny ya
Hey! call me pariah
Still can't deny ya

Have you seen my face before?
Do ya know my name?
Cast out like a shoe that's worn, and I accept the blame

plant your whip upon my back
never slip, feels good like that

Hey! call me pariah
Oh! I won't deny ya
