March! onward to power and glory
Glory could replace your life!
The weight on your mind feels lighter
Freedom Fighter in the Land Of The Rising Sun

Convolution, Disillusioned, Revolutionary

Ride! with comrades of war by your side
Your loved ones will pray for your life
The hold on your heart feels tighter
Freedom Fighter in the Land Of The Morning Star

Convolution, Disillusioned, Revolutionary

Stand! in terror, your back's to the wall
The bravest among you fall
If you are a fly who's the spider?
Freedom Fighter in the Land Of The Crimson Sky

Convolution, Disillusioned, Revolutionary
Execution, Institution, Revolutionary
