

# Amazing Day

John Williamson

I'll see ya later mate  
I'm headin' up to Darwin  
Gonna see Kakadu  
Gonna take my woman  
I haven't been through there since Cyclone Tracy  
And it should be an amazing day  
And I'll see ya later mate  
I'm goin' by the Isa  
Gonna say g'day to Katherine  
And Mary Kathleen  
Last time through there I fell in love with Alice  
She's probably forgotten, it's been too long

And I'll see ya later mate  
I'm gonna chase a buffalo  
Gonna see a Jabiru  
Dancin' on the water  
Gonna catch a barramundi up the South Alligator  
With an Asian Aborigine and a long steel boat  
And I'll see ya later mate  
I'm gonna paint a picture  
Like a black cockatoo  
Away above the fire  
They say it sends you troppo before the wet season  
But I gotta see the light show before it comes down  
Yeah I haven't been through there since Cyclone Tracy  
And it should be an amazing day
