

## It's A Shame

John Williamson

It's a shame you can't do what you used to do  
These days, you're on a lower rung  
You can't climb the ladder to clean the roof  
You're no longer bulletproof  
It's a shame you can't do what you used to do

And it's a shame you can't drive a truck  
You can't pass the test, you're outta luck  
Your hearing's not so good  
Be careful cutting wood  
It's a shame you can't do what you used to do

But you can give some good advice to a lad who wants to know  
Have a laugh about the crazy things you did  
When you were young and full of farts  
Breaking rules and breaking hearts  
It's a shame you can't do what you used to do

And it's a shame you can't catch a woman's eye  
And, sure, you couldn't kid yourself and try  
But you're just made of glass  
She'll see right through and pass  
It's a shame you can't do what you used to do

But you can give some good advice to a lad who wants to know  
Have a laugh about the crazy things you did  
When you were young and full of farts  
Breaking rules and breaking hearts  
It's a shame you can't do what you used to do  
It's a shame you can't do what you used to do

It's a shame you can't do what you used to do
