

Pigs on the River

John Williamson

Pigs on the river, snouts in the trough
Taking all the water, you can't get enough
You don't care, you leave towns dry

Pigs on the river, snouts in the trough
Drainin' the country, can't get enough
You're gettin' fat with a greedy eye

You don't love the river, you greedy swine
You've got no friends, you sure aren't mine
You think you're big time, you think you're tough
Your days are numbered, we had enough

Pigs on the river, snouts in the trough
We know who you are, we're calling your bluff
This is Australia, you should be ashamed

Pigs on the river, snouts in the trough
Drainin' the country, can't get enough
This is Australia, you should be ashamed

You don't like the river, you greedy swine
You've got no friends, you sure aren't mine
We're comin' to get you, you're breakin' the law
Pigs on the river, you've started a war
You're gonna get more than you bargained for

Pigs on the river, snouts in the trough
Pigs on the river, snouts in the trough
Pigs on the river, snouts in the trough
Pigs on the river, snouts in the trough...
