

Sir Don

John Williamson

When Auntie Ducky danced with Donald Bradman
She said it was the highlight of her life
That wizard of the willows swept her off her feet
Along with all Australians every man on the street
Sir Don you gave us pride in ourselves
Please come out for just one more parade

Sir Don we're still in awe of your name
We know you'll shy away
But we'll honor you just the same
Born a country boy and we are proud
You built upon your legend with the power of your blade
You fought against the odds and put others in the shade
Let us ticker tape your cavalcade
Please come out for just one more parade

Sir Don we're still in awe of your name
We know you'll shy away
But we'll honor you just the same
Born a country boy and we are proud
Hero of heroes
Bold of the bold
You dignified the uniform, you blessed the green and gold
Let us ticker tape your cavalcade
Please come out for just one more parade
