

Wall to Wall

Johnnie Taylor

Wall to wall

I was bored one night, tired of sitting around
Stopped by this funky place, on the soul side of town
When I went in, I wasn't planning on staying long
Was daylight the morning before I went home

And it was wall to wall, back to back
Every where I looked, I saw something that I liked
Wall to wall, back to back, every chick I saw, was finely stack
ed

The funk came out, as I went thru the door
Smoke so thick, couldn't even see the floor
The mako band was cooking and they were on the beat

I found myself getting up on my feet

Chorus

Bridge-- the sign said/ it was ladies night
And I knew everything/ is going to be alright
I'm so glad/I came alone
I found me a nice girl/ I took back home
Chorus/lead/bridge/ chorus

2 old couples got on the dance floor
They did their own dance, nobody ever seen before
They did the 1-2 and they did the crawl
They got down and dirty and they did the moon walk
Chorus/ chorus/ lead/ bridge/ end
