

# Always Alone

Johnny Cash

I lay motionless  
And I think about  
The paths I've chosen  
Now I'm without  
Those lovely days  
Within my grasp  
It won't be the same  
With everything

It's on my mind  
That's disappeared  
I've moved on at last  
Of all the past  
And if you ask  
When I'll be back  
I'll say to you

I will never look back  
That I'm never  
I have heard  
It is so absurd  
I always want  
Never to return  
To look back home  
But I'm always  
Always alone  
Always alone  
When I have gone

Lost to space  
It's hard to say  
I'm always alone
