

Come Take A Trip In My Airship

Johnny Cash

And she spread her wings and she flew
Yup, the nation was flying now
Taken to the air, in few hours time you could fly over
All those trails blazed by the pioneers

Phonographs were playing the hit songs of the day
Alexanders ragtime band
My mother was a lady and here's a song my mama sing
Back about 1910 or 1915

Come take a trip in my airship
Come take a trip round the stars
Come take a sail around Venus
Come take a sail around Mars

No one to watch while we're kissin'
No one to see while we spoon
Come take a trip in my airship
We'll visit the man in the moon
