I Want Back Down

Johnny Cash

```
        F#mi    E    A        F#mi    E    A
1. Well I won't back down, no I won't back down
          F#mi     E          D
   You can stand me up at the gates of hell
        F#mi    E    A
   But I won't back down

2. Gonna stand my ground, won't be turned around
   And I'll keep this world from draggin' me down
        F#mi E  A          F#mi   E    A
   Gonna stand my ground and I won't back down

    D    E    D                        E
R: Hey baby, there ain't no easy way out
    D    E       F#mi E   A        F#mi    E    A
   Hey I will stand my ground and I won't back down

3. Well I know what's right, I got just one life
   In a world that keeps on pushin' me around
   But I stand my ground and I won't back down

R: Hey baby, there ain't no easy way out...

   No I won't back down.
