

## Next In Line

Johnny Cash

The next in line will be someone who loves you  
The next in line is me, 'cause it's my time  
Now how long will it be till you end my misery?  
You better be prepared to linger when you get to me

The time has come for you to love me, if you ever are  
Come to me now, so I can make you mine  
I watched them rush to you so fast, I waited so I'd be the last  
It's my time, 'cause I'm the next in line

The next in line will want your love forever  
The next in line is me and here I am  
Give me a day or two and I'll get through to you  
You'd been my baby long ago, if you'd turned down a few

This old heart can't take much more waitin' for your love  
I'm tired and we're runnin' short of time  
I'll make you love me more than everyone before  
It's my time to try, 'cause I'm the next in line

I stood and watched you take their hearts and break 'em one by one  
My time is comin', so I waited while you had your fun  
Now I'm through a-waitin' way behind  
It's my time, 'cause I'm the next in line
