

The Devil To Pay

Johnny Cash

G **Em**
1. Go on, girl, take your chances
A7 **D**
See how long you can go on from man to man
B7 **Em**
I can read the lines between your stolen glances
A **A7** **D**
And I know it's time to fold this losing hand
G **D**
'Cause you're drawn to the flame
G **D**
By the thrill and the shame
G **C** **D**
Of the cheating game they taught you how to play
G **B7** **Em** **C**
You've got nothing to lose but your soul girl
G **D**
And you've still got the devil to pay

D7 **G**
R: You've been flying so high you don't know that you're blind to the
D **G**
writing- on the wall
D **D7**
But someday you'll look down & you'll find you've got no place to
fall
G **D**
When the bright lights are gone
G **D**
You'll be standing alone
G **C** **D**
Forsaken in the naked light of day
G **B7** **Em** **C**
Then you'll know that it's all over but the dying
G **D**
And you've still got the devil to pay.

2. Join your friends, while you got 'em
'Cause you know you're getting fewer every day
You can't wait to let them take you to the bottom
And I'm getting tired of standing in your way
But when you hit the ground
Don't go lookin' around
For the pieces of the love you threw away
That's the price of the high life you're livin'
And you've still got the devil to pay.

R: You've been flying so high you don't know...
