

# The Road To Kaintuck

Johnny Cash

We're goin' west to Kaintuck down the road to Moccasin Gap  
Down the wilderness road  
The Dug Road the old Reedy Creek Road  
The Road down Troublesome Road through Moccasin Gap

There was a time when goin' way out west meant goin' to Kaintuck

The dark and bloody ground as Indians called it  
Indians wars were ragin' and men like Daniel Boone and Michael  
Stoner

Came down the wilderness road like countless families did  
Through a place in south West Virginia called Big Moccasin Gap  
It's a hot day in '73 and this is my wife and my kids with me  
Daniel Boone lost his boy the other day young Jim Boone is dead  
twenty miles away

The wagons turn and went back home even Daniel couldn't make it  
alone

I guess prob'ly Daniel could but he stopped awhile in castle wood

(If you love your wife and love your baby man

Turn your wagons back as soon as you can

Ev'ry Injun in these hills has gone berserk you never gonna make  
it to Kaintuck)

Ah I bet I'm gonna make it to Kaintuck

We're goin' west to Kaintuck down the road to Moccasin Gap  
Down the wilderness road  
The Dug Road the old Reedy Creek Road  
The Road down Troublesome Road through Moccasin Gap
