

# The Wind Changes

Johnny Cash

It's not that I don't love you anymore  
It's not that I don't want to  
It's just that there's a line I have to draw,  
You've gotta cross it, don't you  
It would take so little  
You know I long to stay

Not until the wind changes  
Not until my heart erases  
Ever single memory of you

It's not that you can't hurt me anymore  
It's not that you don't want to  
It's just that there's a door I have to close  
You've gotta lock it, don't you  
There is darkness in our lives  
We can't see the light

Not until the wind changes  
Not until my heart erases  
Ever single memory of you

I don't want to lose what we never had  
I don't want the dream of living in the past  
If you've gotta leave I don't want to know  
I never saw you coming I don't want to watch you go

Not until the wind changes  
Not until my heart erases  
Ever single memory of you  
Might as we be history  
Every single memory of you

Not until the wind changes  
Ooh  
Every single memory of you  
Not until the wind changes
