

Bad Dancer

Johnny Drille

What a beautiful day
Whenever I see your face
Throw my worries away
As I hold you in my arms
How happy you make me feel, babe
You fit perfectly with me, baby
You have my heart you keep it safe

I'm a bad dancer but I'd love to take you slow dancing
Into the starry night
And I'll hold you so tightly and whisper into your ear
That you're beautiful and heavenly
Baby, you are my song
Hope the music never stops
Cos I'm deep in love

I've been a better man
Since I got you, girl, in my life
You're so much more than I asked God for
How did I get you, girl, in my life
How happy you make me feel, babe
You fit perfectly with me, baby
You have my heart you keep it safe

I'm a bad dancer but I'd love to take you slow dancing
Into the starry night
And I'll hold you so tightly and whisper into your ear
That you're beautiful and heavenly
Baby, you are my song
Hope the music never stops

Girl, I'm begging you would you (Love me now)
Tomorrow too far away (Love me now)
Girl, don't wait no longer just (Love me now)
Baby, love me now
Baby, love me
My baby, love me now
We don't have eternity (Love me now)
Please, be my iyawo mi, yeah (Love me now)
Okwima echi dianya (Love me now)
Baby (Love me now)

I'm a bad dancer but I'd love to take you slow dancing
Into the starry night
And I'll hold you so tightly and whisper into your ear
That you're beautiful and heavenly
Baby, you are my song
Hope the music never stops
Cos...

I've been a better man
Since I got you, girl, in my life...
