

Finding Efe

Johnny Drille

I am waiting here again
Will you come today
Are we worlds apart
I wan dey there where you are
Where are you now
Are you anywhere around
And even if we are worlds apart
I wan dey there where you are

Have you moved away
I don't know yes or no
Did you get the mail
That I left you months ago
Will you come tomorrow
I no know if na yes or no
Well I don't know tomorrow
But make we jam for here
I dey wait you my dear

I am waiting here again
Shey you go come today
Are we worlds apart
I wan dey there where you are
Where are you now
Are you anywhere around
And even if we are worlds apart
I wan dey there where you are

The first time when I saw her
She looked beautiful but I no tell am
I just walked away
And now I'm dying hard to see her face
I dey come here almost everyday
I wa ye gua lo we oghomwen
If I ever ever find you Efe
I no go ever let you go again

I am waiting here again
I don't know if you'll come today
We are worlds apart
But I wan dey for dere where you are
Where are you now
Are you anywhere around
But even if we are worlds apart
I wan dey there where you are
I wan dey there where you are
