

## For You

Johnny Drille

Been around the world  
Seen many faces  
But nobody be like you  
One of a kind girl  
You're my oasis  
They don't know you like I do

Day after day  
I'm thankful that you came my way  
My life will never been the same  
If you ever need somebody  
You can count on me  
Don't hesitate just call on me

If you talk I go do  
Anything for you  
I never feel this kind of way  
The way I feel for you  
Nobody mess with you  
I go give dem Kung-Fu  
I never feel this kind of way  
The way I feel for you

If you need reminding  
When you're in doubt  
I'm seizing every moment  
To say you're wonderful  
God bless your mama  
She gave the world an angel  
Supernatural human you are

Day after day  
I'm thankful that you came my way  
My life will never been the same  
If you ever need somebody  
You can count on me  
So don't hesitate just call on me

If you talk I go do  
Anything for you  
I never feel this kind of way  
The way I feel for you  
Nobody mess with you  
I go give dem Kung-Fu  
I never feel this kind of way  
The way I feel for you

It don't matter what they say  
Remember where you came  
The fate of the world on your shoulder  
Rooting for you all the way  
Pray the Lord to guide your way  
I pray you never fall down

I'm thankful that you came my way  
My life will never been the same  
If you ever need somebody

You can count on me  
May nothing take your light  
Keep lighting up the sky

If you talk I go do  
Anything for you  
I never feel this kind of way  
The way I feel for you  
Nobody mess with you  
I go give dem Kung-Fu  
I never feel this kind of way  
The way I feel for you

(Oh...)  
You make my life so beautiful  
(Oh...)  
You are my prayer answered  
(Oh...)  
I never felt this kind of way  
The way I feel for you  
Never felt this kind of way  
The way I feel for you
