

Papa

Johnny Drille

Papa
He calls me to pray
He tells the Lord
To watch over me
Oh my papa
He can like to say
As you go away
Don't forget where you came

If you lose your way you can pray
Don't be afraid, don't lose faith
You will find your help, there'll be a way
Just remember to pray and you'll be okay

Papa
He calls everyday
He asks me son
I hope you're doing okay
Oh my papa
He too dey fear say I gho go astray
Cos I walk a stranger land
And my home is so far away

Papa says if you lose your way you can pray
Don't be afraid don't lose faith
You will find your help there'll be a way
Just remember to pray and you'll be okay

Me sef dey pray for Papa
Make him find more strength and grace
And may the good Lord keep him longer
In Jesus name

If you lose your way you can pray
Don't be afraid, don't lose faith
You will find your help, there'll be a way
Just remember to pray

If you lose your way you can pray
Don't be afraid, don't lose faith
You will find your help, there'll be a way
Just remember to pray and you'll be okay
You can pray
Don't be afraid, don't lose faith
You will find your help, there'll be a way
If you remember to pray
