

A Am Light

Johnny Flynn

And the swell of my seas
Is the call of all being
And the sun brings me through
And the moon drives the waves
And the pull of my heart
To the stars I keep seeing
I am light, I am dark
I am no more afraid

We are off for all time
We are off and still feeling
Praise the lord, we are one
As the night turns to day

Every night as I sleep
And I know that I love you
You are here as I sleep
I am no more afraid
