

Best Thing

Johnny Gill

(Listen)

Been around the world, I done seen
All the stages and everyone screamin' my name
I have purchased luxurious things
Taste the finest wines and expensive champagne
I don't wanna brag about my bank account
But I can't lie, truly I been blessed, no doubt
But even with all the riches in the world
I'm only richer 'cause of the love you give me, girl

Beside every good man is a great woman
I know that to be true
If you ask all my friends what they love about me (What they love)
They gon' say you (Ayy)

Best thing about me is you (Is you)
I think the best thing about me is you (Is you)
Despite of all the things that I do (That I do)
Listen, the best thing about me is you
Best thing about me is you (Is you)
I think the best thing about me is you (Is you)
Private jets, cashin' checks, yeah, that's cool (Yeah, that's cool)
But the best thing about me is you

Personality, I got that (Yeah)
Accolades and rewards, I got that too (Yeah)
I could speak a little foreign language to you, girl
Voulez-vous coucher avec moi?
You know how I do (Woo)
But even with all the plaques I have
And with all the success, it's still a fact
And if you ain't standin' next to me
I might as well be a homeless man on the street

Beside every good man is a great woman
I know that to be true
So if you ask all my friends what they love about me (What they love)
They gon' say you (Ayy)

Best thing about me is you (Is you)
I think the best thing about me is you (Is you)
Despite of all the things that I do (That I do)
Listen, the best thing about me is you
Best thing about me is you (Is you)
I think the best thing about me is you (Is you, I think the best thing)
Private jets, cashin' checks, yeah, that's cool (Yeah, that's cool)
But the best thing about me is you

I know the greatest thing a man could have
Is the love of a woman like you
Even with money like Bill Gates
They're still gonna say

Best thing about me is you (Is you)
I think the best thing about me is you (Is you, best thing)
Despite of all the things that I do (Girl, no matter what I do)

The best thing about me is you
Best thing about me is you (Is you)
Yeah, I think the best thing about me is you (Is you)
(I think the best thing)
Private jets, cashin' checks, yeah, that's cool (Yeah, that's cool)
(None of that, none of that can compare to you)
But the best thing about me is you
