

Game Changer

Johnny Gill

You ain't never gotta ask, never gotta question my love
I ain't never gonna let nothing come between us, us baby
The way I see it, girl, we can move the world, we can have whatever we want
It's not like you're not worth it, more than deserve it
Girl, when it comes down to love

You're a game changer (that's what you are) mmhmmm
Girl you changed the game for me
Just turn in my playa's card
I'm about to give you all my heart

I used to run around, always hanging out in them streets
I was on the prowl, trying to take down everything I would meet
Well, when you came along baby girl, you changed it all
And stopped all my playin', I guess what I'm saying
Girl, when it comes down to love

You're a game changer (that's what you are) ohh ahh
Girl you changed the game for me
(That's what you are)
Baby, baby, baby, baby
You're a game changer
(That's what you are) oohh yeah
Say you changed the game on me
(Turn in my playa's card)
I'm about to gave you my...

You changed my life
You changed the game
Now all those other girls don't mean a thing
I love my life with you
With you
With you

You're a game changer
(That's what you are) heehee
Girl you changed the game on me, yeah
(That's what you are)
Baby, baby, baby, baby
You're a game changer
(That's what you are)
HeeHee
You came and turn my life around
And now I'm turning in my playa's card
I'm about to give you my...

Baby you
(That's what you are)
Baby, baby, baby, baby, baby, baby
Say you changed the game yeah
(Turn in my playa's card)
Baby, baby, baby, baby, baby, baby

Turn in my playa's card
I don't wanna play no more
I don't wanna play this game no more, yeah
