

Home

Johnny Gill

Couldn't tell a lie, you're special
You know I felt it right away, oh yeah
Every morning when I wake up, baby
I'm so grateful that you feelin' the same

Don't matter where we go
I'm so comfortable
No matter what we do
It's cool if I'm with you
I can't believe
You were sent to me
I'm like a happy kid on a Sunday morning

Because of you
It feels like home, home
When you're near, when you're near me
I know I got nothing to fear because, I got nothin' to fear, baby
It feels like home, woo, like home
No matter where we go, no matter where we go
Whenever you're next to me
Feels like home
(Feels like home)
Home, home
Woo!

Gotta testify, I'm certain
This don't happen every day
No no
When you're finally found the one
There's a calmness, and a peace that overtakes

Don't matter where we go
I'm so comfortable
No matter what we do
It's cool if I'm with you
I can't believe
You were sent to me
I'm like a happy kid on a Sunday morning

Because of you
It feels like home, home
When you're near, when you're near
I know I got nothing to fear because, no no no, no no no
Baby, baby, baby
It feels like home, said it feels like home
No matter where we go, no matter where we go
Whenever you're next to me, oh

Some things you don't have to say
You don't, you don't, you don't
When you feel it deep down in your heart
In your heart
And baby, I know when I hold you so close
Well
You're giving me Christmas, every holiday all rolled into one

Oh, oh

It feels like home
When you're near, home
I know I got nothing to fear because, said I got nothing, I got nothing to f
ear, yeah
It feels like home, every day
No matter where we go, and every night
Whenever you're next to me, whoa-oh
It feels like home, it feels like home
Home, home
Whoa-oh
Yes, it does
Feels like home
(Feels like home)
Home
Home, home

Your love feels like home
Your love, your love, your
Your love, your love feels like home
Yeah, yeah
