

Let's Stay Together

Johnny Gill

Baby baby
Look at what-a you've done to me (me)
Every time you leave it's gettin' hard to breathe (breathe)
Breathe (breath)
I need to catch my breath
Trippin' over you, I need to watch myself
I (I) I know I said I'd keep it cool
But ain't nothin' cool about the way I that I'm fallin' for you...
Girl, I don't ever want you to leave

Ooh, baby, let stay (let's stay together)
I want the kid, house, car, and the dog
A joint bank account, girl, I want it all
Ooh, baby, let's stay (let's stay together)
Ooh, its gotta be, you and me
Forever babe, forever girl, ooh

Ya tell any time that I'm in the mood
I can have it baby
When you take it to the bedroom (bedroom)
All the things you do
It's magic, baby
You so fine
Hot to death
Independent, got your own
You don't need nothing else
You so grown
You somethin' else
When I'm next to you, I don't trust myself

Ooh, baby, let's stay (let's stay together)
I want the kid, house, car, and the dog
A joint bank account, girl, I want it all
Ooh, baby let's stay (let's stay together)
Ooh, its gotta be, you and me
Forever babe, forever girl, ooh

I can't take myself being without you baby
You mean that much to me, much to me, much to me, much to me, much to me
I can't take myself without ya, baby (baby)
You mean that much to me, much to me, much to me, much to me, much to me

Let's stay (let's stay together)
I want the kid, house, car, and the dog
A join bank account, girl, I want it all
Ooh, baby, let's stay (let's stay together)
Ooh, its gotta be, you and me
Forever babe, forever... whoa

(Let's stay together)
I want the kid, house, car, and the dog (dog...)
A joint bank account, girl, I want it all, ooh
Please baby, yeah (let's stay together)
Stay with me, stay with me, stay
Ooh, its gotta be, you and me
Forever babe, forever girl
Stay...

Please, stay...
