

So Hard

Johnny Gill

Check it
What you gon' do?
What?
Can you feel that?
Yeah
What you gonna do with it?
Tell me what you gon' do
Can you feel that?
Yeah
Check it out
Uh
Wassup?
You feel that?
Oh yeah

Girl, you got me curious
Talkin' 'bout the things you'll do to me
I see your mouth movin'
But you ain't made a move on me
Are we hookin' up later?
Or do I have to settle for just phone sex?
I ain't tryna sweat ya
But surely you're makin' it

Hard
So hard
You just standin' there lookin'
So hard, mmm
You're makin' everything hard
So hard
Woo

When it's time to make love
Baby, can you do it all night long?
Tell me, can you keep it up?
Can you do the things that turn me on?
Baby, you seduce me (Mmm)
When I see the way you lick your lips
Come a little closer, baby
And I'll let you feel this attraction
It's real
It's a man's nature
I ain't comin' up outta disrespect
I just wanna make love
Baby, tell me why you wanna make it hard

Hard
So hard
You're just standin' there lookin'
So hard
So fly, so fly
You're makin' everything hard
So hard
Hard
So hard
You just standin' there lookin'
So hard

So fly, said you're lookin' good
Girl, you got me so hard
So hard
Woo
Everything, everything you do
Every time, you're my mood
So hard
Any time you shake those hips
Any time you lick your lips
So hard
Any time your body moves
Gets me more excited about you
So hard
The way you walk, the way you talk
Ooh girl, you know you're makin' it hard

Stop the teasing, let's go some place
(Let's go some place)
Get down to love, throw the night away
And we gonna make love
Put up or shut up, no more playin' games
Can you help?
Girl, I can keep it up
Can you?
Said it's gonna be

Hard
Hey
So hard
Oh
Oh no, no, no, no, no, no
Woo!
Yeah-yeah, yeah-yeah
Woo
The way you move
The way you move
The way you groove
The way you groove
Oh, oh, oh
So hard
So
So hard
So hard
You just standin' there lookin'
So hard
Woo, hey, hey
So hard
So hard
Ooh
Oh
Name the time and place
Gotta give it up
Gotta give it up
Waitin' so long, baby
My place, your place
Sexual healing
Gotta give it up
Ooh
Your place, my place
Come on
Gotta give it up
So hard
Your place, my place

Ooh, so hard
Gotta give it up
Hard
Your place, my place
Gotta give it up
'Cause you're makin' it hard, darling
Your place, my place
Ooh
Gotta give it up
So hard
Come on, give it up
Your place, my place
Let me fell all over your body
Gotta give it up
So hard
Your place, my place
Oh yeah
Gotta give it up
