

Soul of a Woman

Johnny Gill

It's such a strong connection
Unlike anything I ever seen
Feels like the right direction
Cause you're next to me
Love you next to me
The warmth of your affection
I feel it washin over me
You got all my attention
Cause you're next to me
Love you next to me

Cause baby your love is so divine
It's just like paradise
And it's a beautiful design
Girl you give me life

Ain't nothin like the soul of a woman
To make you keep on goin when you feel like givin up
That's my baby
Ain't nothin like the soul of a woman
When you ain't got nothin make you feel like a million bucks
That's my baby
Ain't nothin like the
Soul
Ain't nothin like the soul
Of a woman
Of a woman

No I don't have to ask girl
You give me everything I ever need

I'm like a man on a mission
Cause you're next to me love you next to me
Sometimes I make you mad we may fuss and fight
But no matter what we still kiss goodnight
I sleep better when you're in my arms
Cause you're next to me love you next to me

Cause baby your love is so divine
It's just like paradise
And it's a beautiful design
Girl you give me life

Ain't nothin like the soul of a woman
To make you keep on goin when you feel like givin up
That's my baby
Ain't nothin like the soul of a woman
When you ain't got nothin make you feel like a million bucks
That's my baby
Ain't nothin like the

This is my dedication to the one I love

It's all for you it's all for you
