

That's My Baby

Johnny Gill

Yeah, yeah, yeah
Ooh

Girl, I wanna love you, yeah
With everything I have
Don't you know I need you, yeah
You're touch just gives me life
Girl, I wanna feel you, feel you
One day in paradise
Then I could die
Knowing that I felt your love
And because of you, yeah
You, yeah, you, yeah
I'm living my best life
God sent me an angel
He sent me a prize
God sent me my everything
And you gave me a life
And I wanna say thank you, baby
I wanna thank you, baby
I wanna thank you, baby
Let me tell you how much I wanna thank you, baby
'Cause when it comes to true love
A superstar, you are, baby
Whenever you call me, I'll come runnin', yeah (Runnin', yeah)
And you ain't gotta say it twice, I'm comin', yeah
('Cause ain't no feelin' like you feel when you're in love)
Girl, there ain't no feelin' like when you're in love
Yeah, yeah
(You're on top of the world)
Yeah
And anything she want, better know she get it (Get it)
And anything I need, better know she's givin', yeah

That's my baby
My angel in the sky, yeah-yeah
That's my baby
And I know what I would do without her, her, her
That's my baby
Her, her, her
That's my baby
That's my baby
Her, her, yeah

And I'm givin' her every part of me, yeah
Girl, I wanna love you, yeah (Woo)
With everything I have
Don't you know I need you, yeah (Every piece, yeah)
Your touch just gives me life
Girl, I wanna feel you (I wanna love you)
Feel you up
I wanna give it, I wanna give you paradise
All of me
Don't you know I need you, yeah
Your touch just gives me life
And I could die, die, die, die
Knowing that I felt your love

Yeah

That 's my baby
That 's my, my, my
That 's my baby
My, my, my
That 's my baby
My, my, my, my
That 's my baby
My, my, my, my
That 's my baby
My, my, my, my
That 's my baby
My baby, yeah
