

How About Us

Johnny Logan

Ooh, short and sweet
No sense in draggin' on past our needs
Let's don't keep it hangin' on
If the fire's out, we should both be gone

Some people are made for each other
Some people can love one another for life, how 'bout us
Some people can hold it together
Last through all kinds of weather, can we?

Now don't you get me wrong
(what ya sayin' to me baby...)
'Cause I'm not tryin' now to end it all
(let's start something new...)
It's just that I have seen
(what have you seen...?)
Too many lover's hearts lose their dreams
(we won't lose it...)

Some people are made for each other
Some people can love one another for life, how 'bout us
Some people can hold it together
Last through all kinds of weather, can we?

How 'bout us
How 'bout us, baby
How 'bout us
How 'bout us, baby

Aren't we gonna make it girl
Are we gonna drift and drift and drift together....

Some people are made for each other
Some people can love one another for life, how 'bout us
(how about us baby)
Some people can hold it together, ...last
(some people can hold it together)
How 'bout us
(some people)

Some people are made for each other
Some people can love one another for life, how 'bout us
(some people can love one another for life, how 'bout
us baby)
Some people can hold it together, ...last
(some people can hold it together)
How 'bout us

..... fade
