

Ariel

Johnny Marr

Ariel
Blood jet poetry
No return
No you can't
In the mirrors eye
You're so out of sight
Don't exist
No you can't

I know, I know, I know, I know
I know, I know, I know, I know

I say Ariel
They won't let you play to win
Ariel
Too closer to everything
Ariel
God knows you've proved everything
Ariel
They won't let you ever win

Hey wanderlust
You never say goodbye
Face Featureless
Open hand
Somebody cracked your sky
In the mirrors's eye
Out of time
Gone gone

I say Ariel
They won't let you play to win
Ariel
Too closer to everything
Ariel
God knows you've proved everything
Ariel
They won't let you ever win

I know, I know, I know, I know
I know, I know

Say Ariel (They)
Ariel (They)
Ariel
They won't let you play to win
Ariel (They)
