

Bug

Johnny Marr

Hurry up quick, don't catch it
Spread it all around, outbreakin'
Infecting our lives, incubatin'
Fires multiply, replicatin'

Everybody feels the achin'
Population is sick and shaken
Can't think straight, mind's breakin'
And the world is bad enough, can't take it

(Ohhh)

Farm got took away
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm no good today
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm got took away
No more, no good today
Nah nah no more (Eh)
Nah nah no more

Farm no good today
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Everybody feels heart breakin'
Reactin' to the light at the [?]
Feels so cold, hearts racin'
Runnin' in our blood, contagious

Farm got took away
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm no good today
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm got took away
No more, no good today
Nah nah no more (Eh)
Nah nah no more

Farm got took away
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm got took away
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm got took away
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm got took away
Look what you did today
Nah nah no more (Eh)
Nah nah no more

Farm got took away
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm got took away
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm no good today
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm got took away
No more, no good today
Nah nah no more (Eh)
Nah nah no more

Farm got took away
Took all our privilege
Nah nah no more (Eh)
Nah nah no more

Farm got took away
No more, no good today
