

## Need It

Johnny Marr

You don't know when you're on it  
Do you know where you've been?  
Come on, yeah, I've got it  
We're gonna go round again  
Too bad if you don't see it  
Whatever, if you know what I mean  
Come on, yeah I'm on it  
I'm gonna throw you in  
I was tryin', tryin'  
I don't need it, but I want more  
I don't need it  
But, just be the same  
Get on my train  
I don't need it but I want more  
I don't need it, but...  
Where you're from has caused your heartache  
It's going to break you again  
Come on, yeah, I've got it  
Come on, here we go again  
I was lying, trying  
I don't need it but I want more  
I don't need it  
But, just be the same  
Get on my train  
I don't need it but I want more  
I don't need it but I want more  
You don't know when you're on it  
Don't know where you've been  
Come on, yeah, I've got it  
We're gonna go round again  
Too bad if you don't see it  
Whatever, if you know what I mean  
Come on, yeah I'm on it  
Come on, here we go again  
I was tryin', tryin'  
I don't need it, but I want more  
I don't need it  
But, just be the same  
Get on my train  
I don't need it but I want more  
I don't need it, but...  
I was tryin', tryin'  
I don't need it, but I want more  
I don't need it  
But, just be the same  
Get on my train  
I don't need it but I want more  
I don't need it, but...
