

# Paradise

Johnny Mathis

Took a look at you  
That's all I had to do  
And you just took my breath away  
I knew I'd never be the same  
And when you touched my hand  
I went to wonderland  
I never dreamed that there could be  
The kind of love you made with me last night

Didn't we go to paradise last night?  
Hard to believe I see the morning light  
Didn't we go to paradise  
Last night?

Take a look at me  
Tell me what you see  
Are there any clouds around?  
Or are my feet still on the ground?  
'Cause, girl, I love you so  
I swear I just don't know  
How I still could be alive  
I can't believe I could survive last night

Didn't we go to paradise last night?  
Hard to believe I see the morning light  
Didn't we go to paradise?  
Didn't we go to paradise last night?  
Didn't I get to Heaven loving you?  
Didn't we find a Shangri-La for two?  
Didn't we go to paradise  
Last night?  
Didn't we go to paradise last night?  
Hard to believe I see the morning light  
Didn't we go to paradise?  
Didn't we go to paradise last night?  
Didn't I get to Heaven loving you?  
Didn't we find a Shangri-La for two?  
Didn't we go to paradise?
