

Something to Sing About

Johnny Mathis

Sing
I'm gonna sing about
All about your love
Sing
I'm gonna tell 'em
All about your love

Do you have a love that makes you sing now
(do you) want to share the feeling that it brings you
(do you do you) want her to know and may I ask why
(do you) hold it in

Come on and sing
I'm gonna sing about
All about your love
Sing
I'm gonna tell 'em
All about your love

I hope you realise how lucky you are and
(do you) understand you've missed the things so far
(do you do you) keep falling deeper in love with her
(do you) want her to know.

Come on let's sing
I'm gonna sing about
All about your love
Sing
I'm gonna tell 'em
All about your love

Do you have
Our love
That you sing
I sing about
Because
Aw yeah
Sing
Yes sing
Together
Yes sing
Together
